**What three trade shows are most important to your organization (domestic and international)?**  
 1)  2)  3)

**REGIONS** In what region(s) does your company sell products or services?  
 Africa  Asia/Pacific  Europe  Mexico/Central/South America  Middle East  United States/Canada

**TARGET MARKETS**  
 What market(s) does your company target?  
 Business  Dealers/Distributors  Industrial  Public Safety  Utility  
 Commercial Systems  Government  OEM  Transportation  Other

**COMPANY TYPE**  
 What is your company's **primary** business function? (Select **ONLY ONE**)

**A) INDUSTRY SERVICES/ACADEMIA**

<input type="checkbox"/> band manager	<input type="checkbox"/> licensing services
<input type="checkbox"/> dispatcher training	<input type="checkbox"/> management/consulting
<input type="checkbox"/> education programs	<input type="checkbox"/> market research/analysis
<input type="checkbox"/> engineering/consulting	<input type="checkbox"/> PR agency/advertising
<input type="checkbox"/> equipment leasing	<input type="checkbox"/> publishing
<input type="checkbox"/> equipment rentals	<input type="checkbox"/> spectrum leasing
<input type="checkbox"/> financial	<input type="checkbox"/> spectrum management
<input type="checkbox"/> frequency coordination	<input type="checkbox"/> system integration
<input type="checkbox"/> installation/repair/maint.	<input type="checkbox"/> tower leasing/management
<input type="checkbox"/> legal services	<input type="checkbox"/> training (business/industry)

**B) COMMERCIAL CARRIERS**

<input type="checkbox"/> cellular/PCS
<input type="checkbox"/> community repeater operator
<input type="checkbox"/> ESMR/SMR
<input type="checkbox"/> mobile satellite
<input type="checkbox"/> MVNO
<input type="checkbox"/> paging
<input type="checkbox"/> two-way msg. (nationwide)
<input type="checkbox"/> WASP/WISP

**C) PRODUCT CATEGORIES**

**AMPLIFIERS**

- bidirectional
- line driver
- RF power
- signal boosters
- tower top

**ANTENNAS**

- base station
- distributed antenna system
- embedded
- GPS
- in-building
- microwave
- mobile radio
- multiband portable radio
- portable radio
- satellite
- smart/adaptive
- wireless and mobile data

**BASE STATIONS/REPEATERS**

- in-building (cell/PCS)
- in-building (mobile radio)
- mobile radio
- paging

**BATTERY EQUIPMENT (cellular/pcs)**

- batteries and chargers

**BATTERY EQUIPMENT (portable radio)**

- analyzers/conditioners
- batteries
- battery chargers

**BATTERY EQUIPMENT (wireless data)**

- batteries and chargers

**BROADBAND DEVICES**

- drones/UAS
- MDTs
- modems
- PDAs
- routers
- ruggedized laptops
- smartphones
- tablets
- USBs and dongles
- wireless access points

**BROADBAND INFRASTRUCTURE**

- LTE eNodeBs
- LTE evolved packet core
- LTE home subscriber server
- LTE small cell technology
- mesh networks
- microwave backhaul
- repeaters/bridges

**CYBERSECURITY OR ENCRYPTION**

**DISPATCH EQUIPMENT**

(See also PSAP/Public-Safety Equip.)

- ACD
- dispatch furniture
- interconnect
- radio consoles (not furniture)
- turnkey systems (business/industry)

**IoT/M2M EQUIPMENT**

(IoT/M2M software, see also Software)

- base stations
- gateways
- network edge devices
- sensors

**LOCATION SYSTEMS EQUIP.**

(See also PSAP/Public-Safety Equip.)

- ANI/ALI
- asset tracking/RFID
- AVL
- GPS
- mobile resource mgmt.

**PAGING/MESSAGING EQUIP.**

- pager receivers
- terminals
- transmitters/RF controllers
- two-way messaging devices
- voice storage/retrieval systems

**POWER SUPPLIES/EQUIP.**

- backup systems
- converters
- generators
- inverters
- load-management equipment
- power supplies
- shut-off timers
- solar power equipment
- uninterruptible power supplies
- UPS batteries
- wind power equipment

**PSAP/E9-1-1 EQUIPMENT**

- CAD software/systems
- E9-1-1 location equipment
- in-building
- 9-1-1 call answering
- TDD
- time stamp/synchronization

**PUBLIC-SAFETY EQUIPMENT**

- alarm systems
- automated person location
- automatic notification systems
- biometrics/fingerprinting
- body-worn cameras
- CAD add-ons/enhancements
- call boxes
- early warning systems
- field reporting
- intelligent traffic systems
- interoperability equip./systems
- mobile comms. vehicles
- P25 software

**PUBLIC-SAFETY (continued)**

- rapidly deployable systems
- records management sys.
- station alerting
- surveillance equipment
- turnkey emergency sys.
- video surveillance

**RADIO/DEVICE ACCESS.**

- carrying cases
- hands-free equipment
- headsets
- microphones
- mounts
- screens

**RADIOS**

- mobiles (analog)
- mobiles (digital)
- mobiles (6.25 kHz)
- multiband
- portables (analog)
- portables (digital)
- portables (6.25 kHz)
- P25
- TETRA

**RADIO SYSTEMS**

- ACSB
- conventional (analog)
- conventional (digital)
- microwave
- narrowband (6.25 kHz)
- P25 systems equipment
- repeater controllers
- simulcast
- software-defined radio
- spread-spectrum radio
- TETRA systems equip.
- trunked (analog)
- trunked (digital)
- VoIP/RoIP

**REMOTE SITE MONITORING**

- modems
- remote transmitter units
- SCADA
- software
- telemetry
- transmitters
- video surveillance

**SATELLITE SYSTEMS EQUIP.**

- mobile data
- mobile voice
- VSAT

**SITE/TOWER EQUIPMENT**

- alarms/access devices
- beacons
- cabinets
- cable
- cable fault locators
- combiners
- connectors

**SITE/TOWER EQUIP. (continued)**

- diplexers
- duplexers
- filters
- HVAC control systems
- ice bridges
- isolators
- lightning-protection equip.
- microwave/MUX equip.
- multicouplers
- multiplexers
- preamplifiers
- racks
- shelters
- site-management software
- surge protectors
- switches
- tower obstruction
- towers, fixed
- towers, mobile
- voting products
- waveguide

**SOFTWARE**

- custom
- data analytics
- data management
- dispatch (business/industry)
- engineering
- enterprise
- FCC licensing
- field reporting (business/industry)
- GIS mapping
- LMR Integration
- middleware
- mobile-data systems
- network management
- operations
- paging
- push to talk
- RF safety
- terrain propagation
- voice recognition
- wireless Internet applications

**TELEMATICS/ITS EQUIP.**

**TEST EQUIPMENT**

- direction finders
- field strength meters
- frequency counters
- power monitors
- RF monitors
- service monitors
- spectrum analyzers
- voltmeters/wattmeters

**TONE SIGNALING EQUIP.**

**VOICE LOGGING RECORDERS**

**OTHER**
